

# Saturday Test Prep Classes at Gray Stone

Gray Stone would like to announce a test preparation opportunity that is available to students. On Saturdays during the coming weeks, the school's AP English Literature teacher, Andrew Hodges, will lead a class in ACT and SAT preparation. This course will do more than simply familiarize students with these assessments; it will teach them effective test-taking strategies and help them to hone the math, reading, and writing skills that the tests are designed to measure. The classes will be offered at the school on **three successive Saturdays (September 14<sup>th</sup>, 21<sup>st</sup>, and 28<sup>th</sup>) from 10 a.m. to 12:30 p.m.**

If you would like to sign up for this course, please fill out the registration form below, and return it to the school office with a payment of \$250 made out to Andrew Hodges. This price includes an instructional text and practice tests, but students are asked to bring their own calculator, notebook, pencils, and scrap paper. Though not required, an internet-capable laptop computer or tablet will also be helpful. **Registrations and payments must be received by Friday, September 7<sup>th</sup>, but enrollment in the class will be subject to availability, so please sign up early to ensure that you reserve a place.** Once registered, you will receive a confirmatory email.

N.B. Andrew Hodges was a high school math teacher for three years before attaining his Master's degree in English. He has taught AP English courses at Gray Stone for the last seventeen years, and has been a standardized test preparation instructor for more than two decades. If you have any questions, he can be reached via email: [ahodges@graystoneday.org](mailto:ahodges@graystoneday.org).

Please print in the spaces below, cut at the dotted line, and return the lower portion of this sheet with your payment, or send this information to [ahodges@graystoneday.org](mailto:ahodges@graystoneday.org)
